

Grease Lightning of an Event

Vancouver Templeton & Burnaby Horizon New Century Lions Clubs' Joint Installation Event

Written by Kitty Chiu

On July 25, 2010, the Vancouver Templeton New Century Lions and Burnaby Horizon New Century Lions hosted a joint installation event at Kentzen Fusion Lounge. Four members from our club attended, and each of us had a "blast". Both of these clubs did a tremendous job in making this event as successful as it was. Asides from the delicious multi-ethnic buffet we were served, the two clubs decorated the restaurant with props that truly made you feel as if you had gone back in time. The theme of their installation was "Grease". The best part of the whole event has got to be the entertainment. Members from both clubs joined forces and put on some extraordinary performances. They lip-synched and danced to several hits from the Grease soundtrack including Summer Nights and Grease Lightning. They made a life-sized car out of cardboard – that's how creative these guys and girls are!

For those of you who are not familiar with "Grease", it is a musical motion picture that was released back in 1978 based in the 1959 starring John Travolta and Olivia Newton-John based . The soundtrack album became one of the best-selling in pop movie history, and provided several chart hits for the original artists and others.

Keeping our Fingers Crossed

Written by Lap Cheung

On August 2, 2010, the LCIF grant application to support the BCCHF purchase a new cardio ultrasound machine reached its latest milestone. After two years of fundraising and the support of countless Lions and personal donors, the formal application including supporting documents were sent off to LCIF headquarters in Chicago to be vetted and put forth for the LCIF International Board to review in October. If successful this will mean more than \$100,000 will go towards helping the BC Children's Hospital and the children of BC. Let's all cross our fingers!

The VCNC Lions Retreat

Written by Kevin Tam

President Kevin held is very first BBQ club retreat on Aug 22, 2010. We were lucky enough to secure Lap and Leanna's residence for this retreat. Our club invited Zone Chairman Sherman Lo and Zone Secretary Elaine Luk to this gathering. BBQ chef Kevin was double duty cooking up some wings, marinated pork ribs with chalet sauce and juicy smokies. In addition we had salad, dessert and ice cream on this warm summer.

We received many good advise from Sherman and Elaine that will be applicable to our new year. As we wind up the summer events, the entire club is looking forward to the new year of planning and goal setting.
