by Charlene Liu

Secretary Alvina, Lions Wendy and Bonnie participated in food packaging with QUEST and Edmond Chew from the Templeton New Century Club at the QUEST food exchange. Guided by Lion Edmond, we processed unwanted food from local food industry for distribution to low-income and marginalized individuals. It was a very environmental aware activity. Through participation in food repackaging, we learned that food waste can and should be prevented.

Lion Rey, Carlo and Brenda attended the RAPS Gala on Halloween night 2015 as volunteers on behalf of the Cathay New Century Lions Club. Brenda was an organizer of the event and boy, oh boy, does she know how to organize a smashing event. It was a fundraising event for the Richmond Animal Protection Society and being on Halloween night, everyone showed up in amazing fancy costumes. The silent auction prizes were incredible and ranged from a Swarovski crystal to signed hockey jerseys. It was a super successful night for the RAPS and the Cathay New Century Lions are proud they could be part of it. The only downside is that there's only one Halloween per year, RAPS really should organize more of such events!
